

THE FOLLOWING GEAR IS REQUIRED FOR SQUAD TRAINING

In order to keep the coronavirus at bay we are discouraging the sharing of any equipment, so we are asking all parents/swimmers to provide their own. See below a list of training gear that is required for each squad training and where you may be able to purchase them for the best price as of July 2020. You are more than welcome to purchase these from any shop. Please make sure all gear is clearly labelled with swimmer's names.

Kick Board

Snorkel

We recommend the **FINIS Stability Snorkel**, as the other brands are a bit hard on the head.

Renee will have both of these snorkels on pool deck, if you would like to see what they're like before buying.

Flippers

DMC Flippers – any of the following DMC flippers - Elite Fins, Elite 2, Elite Max
Arena and TYR brands are OK too and look similar to the DMC flipper.
